ABOUT US

The International Women's Forum (IWF) is dedicated to promoting women's leadership and championing equality for women. Our mission is to unite our global community of women leaders to advance women's leadership today and tomorrow.

The International Women's Forum now connects more than 8,000 preeminent women leaders in 76 Forums in 33 countries around the world. IWF is the only organization of this scale that builds significant relationships between C-level women across countries and careers.

OVERVIEW

As we celebrate the 35th Anniversary of the IWF Dallas Chapter, we honor our legacy and reaffirm our commitment to empowering women leaders. This milestone event slated for March 31, 2025 at the Dallas Country Club from 11 AM to 1:30 PM will bring together influential women leaders, dignitaries, and supporters who share our mission to unite our community of women leaders to advance women's leadership today and tomorrow.

11 AM VIP Champagne | 11:30 AM Luncheon

SPONSORSHIP OPPORTUNITIES

We seek to raise \$100,000 in sponsorships to support two outstanding women from our community to attend the prestigious International Women's Forum Fellowship Program, as well as chapter development initiatives. This Fellowship is a transformative leadership development experience that prepares women for senior leadership roles locally and globally. The per-person cost is \$34,000.00.

IMPACT

Your generous sponsorship will directly contribute to the professional and personal growth of two exceptional women leaders who are on the path to the C-Suite. The IWF Fellowship Program is a unique opportunity for them to gain advanced leadership skills, expand their global networks, and make significant contributions to their communities and industries. Your support will not only change their lives but also create a pathway for women leaders within corporations and organizations, thus building a stronger community of women leaders in Dallas and the world.
